

**Miami County  
Pro-LIFE  
Educational Foundation**

**AUGUST, 2013**

**PIQUA HERITAGE FESTIVAL, SEPTEMBER 1, 2, AND 3, 2013**

Labor Day will be here before you can blink an eye! Have any rhubarb or other fruits that you could donate? Geri Ryan and her volunteers will do the baking for you! Please contact Geri Ryan at 937-773-4684; she will arrange to pick up your fruit donations.

MMMMMMMM!! Can't you just taste a piece of pie now?

**LIFE CHAIN 2013**

Life Chain 2013 will be held on Sunday, October 6, 2013 from 2:00—3:00 p.m. The chain will begin forming near the Court House in Troy and spread out along Main Street. Look for stations along Main Street distributing signs for your use.

Please join us for just one hour of your time for prayer and to show your support for the LIFE of the unborn, the young, the disabled, the handicapped, the ill and the elderly.

The new 2013 | 2014 **Entertainment™ Books** are available now!

Entertainment books have arrived. Price for this year is only \$25. Contact Mary Jo Enneking at 937-339-3198 to purchase them or stop by the Center for Life at 305 East Main Street, Troy, Ohio.

Nice to know that the price of one item has gone down instead of up!!!

### CALLING ALL SORTING EXPERTS

MCRTL office is looking for some volunteers to sort clothes that have been donated for our customers' use. If you have a some time to spare, call the office and leave a message for Lisa Snaufer, expressing your interest in helping and be sure to include your name and phone number.

**Thanks!!!**

### **MIRACLE: CONGRESSWOMAN REJECTS ABORTION, BABY BECOMES FIRST EVER**

Washington, D.C.

#### **TO SURVIVE POTTER'S SYNDROME**

"Rep. Jaime Herrera Beutler, 34, and her husband were told during her pregnancy that their daughter had Potter's Syndrome, a condition in which the kidneys fail to develop properly, leading to insufficient levels of amniotic fluid to allow the lungs to fully form. The resulting pressure on the baby from the uterine walls often causes significant physical deformities, as well. The Beutlers wrote on Facebook, 'There is no medical solution available to us. We are praying for a miracle.'

The Beutlers traveled to John Hopkins University for an experimental treatment called amnioinfusion. Each week the doctors injected the congresswoman's womb with a

saline solution, giving their daughter, Abigail, room to grow and develop her lungs. After the fifth injection, she went into premature labor at only 28 weeks; Abigail was born on July 15 weighing two pounds, two ounces. Immediately after she was born, she cried. It was clear that her lungs were very well developed for an infant born that early.

Because she was born without kidneys, she is on dialysis and will remain so until she can receive a kidney transplant. Doctors believe she is the first patient of her kind to survive."

## PLANNED PARENTHOOD ABORTION GIANT CLOSES CLINICS IN TEXAS TODAY

“The Planned Parenthood abortion corporation is closing clinics in Bryan and Lufkin, Texas today—after Texas Governor Rick Perry signed into law a bill that bans abortions after 20 weeks and holds abortion facilities accountable for higher health and safety standards.

From a local story: The Planned Parenthood Center in Bryan will close its doors for good on Thursday. Officials with the center said the centers in Lufkin and Huntsville will also be closing up shop on Thursday, August 1, 2013. The Gulf Coast region’s president and CEO, Melaney Linton, cited ‘an increasingly hostile environment for providers of reproductive health care in underserved communities’, along with budget cuts to women’s health care services as reasons for the closure of the three centers.

Interestingly, none of the local stories mentioned the \$4.3 million the Texas Planned Parenthood affiliate committed in fraud. Texas Attorney General Greg Abbott announced on July 24, 2013, that his office had obtained a \$1.4 million settlement against Planned Parenthood Gulf Coast for Medicaid fraud, with the settlement to be split between the state of Texas, the federal government, and the whistleblower (former PPGC employee Karen Reynolds.”

## PLANNED PARENTHOOD ABORTION BUSINESS HAS ENGAGED IN \$12.5 MILLION IN MEDICAID FRAUD

The good people at Alliance Defending Freedom have forwarded to me, Jill Stanek, the settlement agreement between Planned Parenthood Gulf Coast and United States of America, The Texas Attorney General, and whistleblower Karen Reynolds, for charges the PPGC committed Medicaid fraud between 2003-2009. PPGC has agreed to pay \$4.3 million; according to the settlement, the money will be divided three ways:

\$2,552,169	United States
\$1,247,000	Karen Reynolds
\$500,831	State of Texas

The most significant component of the settlement is that the U. S. Department of Justice ‘contends that PPGC submitted false claims and false statements to the United States in connection with claims submitted to’ Medicaid, Title XIX, Title XX, and the Texas Women’s Health Program. This repre-

sents the first time the U. S. Department of Justice has accused a Planned Parenthood affiliate of fraud.

An Alliance Defending Freedom attorney, Casey Mattox said it will be interesting to see the amount of Medicaid funds Planned Parenthood receives over the next two to four years. It should be tightening up its act.
