MIAMI COUNTY FAIR 2019

Miami County Right to Life again had an information booth at the Fair.

The children always enjoy playing the "Match the Baby With Its Mother" game and winning a small stuffed animal/toy. This year we also had a handmade quilt that was donated by Karen Barringer. The lucky winner was **Dena Schneider** who is shown holding the quilt.. The fetal models also get a lot of attention.

Many thanks to the volunteers listed below. Each one manned the booth for two hours. Also **BIG THANKS** to Dave and Mary Jo Enneking who assembled and took down the booth at the Fair.

BREAKING PRO-LIFE NEWS

AUGUST 21, 2019

Dayton, OH-Today, the Ohio Supreme Court has refused to hear the appeal of a late-term abortion facility, the Women's Med Center of Dayton, which was challenging a decision by the Ohio Department of Health not to renew its facility license based on the fact that the clinic could not comply with licensing regulations.

The Women's Med Center is a late-term abortion facility owned by nationally known abortionist, Martin Haskell. It is one of a handful of abortion facilities in the nation that openly conducts abortions through all months of pregnancy.

The Supreme Court's Decision to hear the Women's Med Center appeal lets stand the 2018 Ohio Court of Appeals decision, which ruled that the Department of Health had full legal authority to deny a fa-

license to clinics that do not meet licensing regulations and order them to halt abortions.

"We are extremely grateful that the Court saw what the trial judge and the appellate court both saw; that Haskell and his operation are a threat to maternal and child well-being", stated Margie Christie, Executive Director of Dayton Right to Life and President of the Right to Life Action Coalition of Ohio (RTLACO). We thank the Department of Health and the Attorney General's Office for pursuing this matter and working to close this blight on our community."

"Now that Martin Haskell has exhausted his appeals, it is finally time to shut down his dangerous late-term abortion facility and end Haskell's legacy of human tragedy that has plagued Ohio and the nation for far too long," said Troy Newman, President of Operation Rescue.
